It was perfectly reasonable to expect the lanky Fulton, with his skill in using those sinewy plasterer's arms, to put Moran down somewhere within the twenty-round limit. But who expected to see Fulton hold his chin out deliberately to take Moran's famed "Mary Ann." not once but twenty. six times, and then having accomplished his desire to show that he could take punishment without flinching, cut loose and knock Moran out easily in a minute or so of furiously aggressive fighting?

Just knocking out Frank Moran wouldn't prove Fulton a fit opponent for the gigantic champion, Jess Willard. The way in which he whipped Moran proves him fit to fight any champion we've ever had-on even

It would not be surprising, when the Fulton-Willard fight comes along, to find Fulton favorite in the betting.
